

Dear Shelby County Government Employees and Retirees:

Delta Dental of Tennessee is pleased to offer this dental plan to you for the plan year 2011. As a Tennessee-based company, Delta Dental takes great pride in serving the employees and retirees of our own local governments.

Key features of your Delta Dental Plan are:

- **Largest Provider Network.** This plan allows you access to the Delta Dental Premier Network, the largest network of contracted providers in the country, including over 88% of the licensed practicing dentists in Tennessee and over 80% of the dentists nationwide.
- **Delta Dental's Dual Network Advantage.** Choosing a dentist in the Delta Dental PPO Network will provide you with additional out-of-pocket savings.
- **Choose any dentist.** This plan allows you to choose any dentist you wish, however, your benefits may be greater when visiting a Delta Dental contracted provider.
- **Comprehensive Dental Plan.** This plan covers the majority of typical dental procedures including 100% coverage on Exams and Cleanings when visiting a Delta Dental contracted provider.
- **Customer Satisfaction.** Delta Dental strives to deliver excellent service to our members. During 2009, Delta Dental members reported 96.99% overall customer satisfaction.

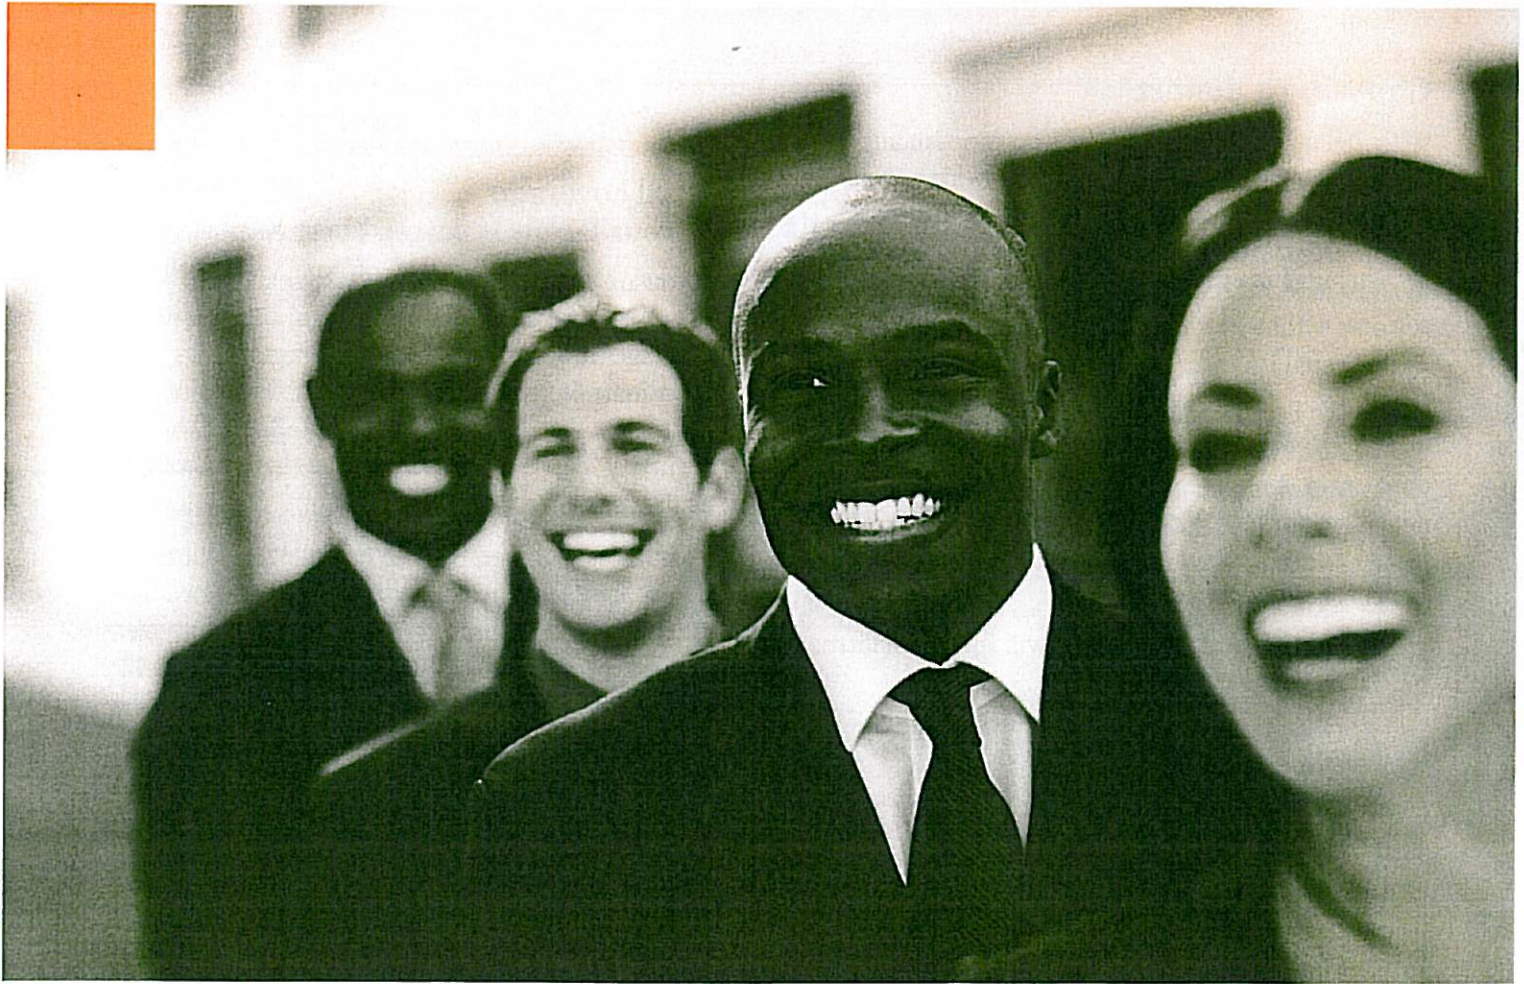

To enroll with Delta Dental of Tennessee for 2011, complete the enclosed enrollment form and return it to your benefits department.

Sincerely,

Delta Dental Sales and Account Management Team

Welcome to Delta Dental of Tennessee

Congratulations! You're now a member of Tennessee's largest and most flexible dental benefits programs.

Member Information

At Delta Dental, we provide hassle-free dental coverage to nearly one million enrollees in Tennessee. With more of the state's licensed, practicing dentists in our network than any other carrier, we offer you more choices and better service than anyone else.

Only Delta Dental can promise you:

- 99% accuracy for processing claims
- 99% of claims are processed within 10 days

That's why more than 97% of our enrollees stay with us year after year.

Your health and satisfaction come first at Delta Dental of Tennessee. Please refer to this brochure whenever you have questions about your dental coverage. You can also visit us online at www.DeltaDentalTn.com or call us at (800) 223-3104.

Choosing a dentist

With Delta Dental of Tennessee, you can visit any licensed dentist in Tennessee or nationwide *without pre-approval*. Although it is not necessary to choose a Delta Dental participating dentist, you will save the most money and receive additional benefits when you stay within your plan's network, either Delta Dental Premier® or Delta Dental PPOSM.

Choosing a participating dentist

Since most Tennessee dentists are a part of our networks, there's a good chance your dentist already participates. There are several advantages to selecting a participating dentist:

- No paperwork! Your dentist will fill out all forms and file the claims for you.
 - You will never have to complete or file the paperwork yourself.
 - You will never be charged an extra fee for processing the forms.
- No extra charges! You're responsible only for your deductible and/or co-insurance charges.
 - You will never have to pay for services that exceed our allowed fees (also known as balance billing).
 - You will never have to pay full price for a dental visit and then wait for reimbursement.

Call us or visit us online at www.DeltaDentalTn.com to find a participating dentist close to you.

Choosing an out-of-network dentist

With Delta Dental of Tennessee, you can select any dentist you like. However, dentists outside our network may charge you more than our allowable fees, resulting in additional out-of-pocket expenses. Also, you may be responsible for the entire cost of treatment at the time of your visit, which may require you to file a claim with Delta Dental for reimbursement. Dentists within the Delta Dental network will never charge you more than our set fees and will handle all claims for you.

Submitting a claim

If you choose a dentist in our network, all claims will be handled by your dentist. If you visit a non-participating dentist, you may need to submit your claim to:

Delta Dental of Tennessee
240 Venture Circle
Nashville, TN 37228

Dual coverage (if your family is covered by two plans)

If you are covered by two or more dental plans – usually because both you and your spouse receive coverage through work – your coverage will be coordinated to ensure there is no duplication of payments. Your benefits will be handled by your “primary” carrier, which is the one that lists your name as the primary enrollee.

For children covered by both parents' (or guardians') dental plans, the primary carrier is determined by the “Birthday Rule.” The parent or guardian whose birthday comes first in the calendar year will determine which plan is considered the primary carrier. The Birthday Rule may be superseded by divorce or court ruling.

If your spouse (or child) has dental coverage through a company other than Delta Dental and that company does not cover the full cost of a dental visit or procedure, your spouse (or child) may be eligible to receive reimbursement for part or all of the coverage from Delta Dental provided that your spouse (or child) is also covered by your plan.

When you receive benefits from multiple plans for the same visit or procedure, the total coverage will never exceed the total amount of the bill.

What is covered

Please refer to the benefit summary (see insert) for a detailed description of your benefits.

What is not covered

- Treatment of injuries or illness as covered by Worker's Compensation or Employer's Liability Laws.
- Services received without cost from any federal, state, or local agency. This exclusion will not apply if prohibited by law.
- Cosmetic surgery or procedures purely for cosmetic reasons.
- Services for congenital (hereditary) or developmental malformations. Such malformations include, but are not limited to, cleft palate and upper and lower jaw malformations. This does not exclude those services provided under Orthodontic Benefits, if a plan benefit.
- Treatments to restore tooth structure lost or worn from wear, erosion, attrition, or abrasion.
- Treatment to rebuild or maintain chewing surfaces due to teeth out of alignment or occlusion, or treatment to stabilize teeth. For example: equilibration, periodontal splinting, and double abutments or bridges.
- Oral hygiene and dietary instructions, treatment for desensitizing teeth, prescribed drugs or other medication, experimental procedures, conscious sedation, and extra oral grafts (grafting of tissues formed outside the mouth to oral tissues).
- Charges by any hospital or other surgical or treatment facility and any additional fees charged by the dentist for treatment in any such facility.
- Services by a dentist beyond the scope of his or her license.

When you need a predetermination

If you need dental work beyond basic services and would like to know your costs in advance of treatment, ask your dentist to request a predetermination. A predetermination will let you know the full cost of the procedure and approximately what your share of the cost will be. Please note that predeterminations are not a guarantee of benefits.
